Important

- In these manuals, safety instructions are preceded by the symbol . Always read and follow the instructions before performing the required procedures.
- As the copying device contains a feature designed to prevent forging of certain documents, there may be rare instances where copies or scanned images do not achieve the desired results.
- It may be a legal offence to print currency notes, certificates of stocks and securities, or any other documents of similar nature, regardless of whether they will be used.
- If a malfunction occurs with the machine's storage media, any received or stored data including registered configurations may be lost. Fuji Xerox is not responsible for any direct or indirect damages arising from or caused by such data loss.
- Fuji Xerox is not responsible for any breakdown of machines due to infection of computer virus or computer hacking.
- Before sending a Fax, check to make sure the recipients are the correct, intended recipients.
- When you use a reflective projector to project transparencies printed in color onto a screen, the projected images may appear darker. This problem can be resolved by using a projector with higher brightness levels.
- The printed image may fade or peel off due to moisture caused by water, rain or vapor. For more information, contact your local Fuji Xerox representative.
